

Most of our parents are safe and considerate when parking. Are you?

Parking problems?

It is a huge inconvenience to have your driveway blocked by inconsiderate drivers.

If there is a Civil Enforcement Officer available in the area, you can request they issue a ticket to offending motorists parked on your driveway without your permission.

You will be asked to sign a document and the Civil Enforcement Officer will then issue a ticket to the vehicle blocking your driveway.

For further information, please call the Parking Operations Team on 020 8424 1858.

Harrow Council is committed to:

- Decreasing the amount of congestion on roads outside schools
- Increasing levels of walking and cycling
- Supporting schools to improve the environment around the school
- Balancing parking needs to residents and visitors while supporting local business

It is a contravention of the Traffic Management Act 2004 to park a vehicle in front of a "Lowered Footway". This applies to all Lowered Footways, for example; access drives, pedestrian crossing points, cycle tracks, etc.

Be Considerate!

Many residents around schools are inconvenienced by selfish and inconsiderate drivers.

If you have no option other than driving to school, please be considerate of local residents and only park where it's safe to do so.

- **Do not** park in front of driveways if you do not have permission from the property owner.
- **Do not** park or drop children off where traffic regulations do not permit you to.
- **Do not** abuse Civil Enforcement Officers for doing their job and keeping your children safe.
- **Do not** drive to school unless necessary, or if you have to, park further away.

Harrow Council is committed to improving the environment for all people that live, work and travel to the borough.
